DISCOVER THE POWER OF BLACKBERRY 10

Introducing a smartphone so intelligent and intuitive it constantly adapts to your needs helping you to keep moving quickly. The new BlackBerry® smartphone powered by BlackBerry 10. Features and apps work seamlessly together, allowing your every move to flow into the next.

It always moves with you

BlackBerry 10 introduces a new user experience that moves with you and shares your train of thought, so you can keep moving quickly.

News in an app minute. The BlackBerry® Hub helps you manage all your conversations, all in one place. Peek in to the BlackBerry Hub at anytime, from any app, with a simple swipe to easily control and respond.

Create. Organize. Do. Create a folder in BlackBerry® Remember where you can collect and organize shared resources you share project with group. All your photos, files, messages, email and web links. All that's left to do is cross things off your to-do list.

It understands and adapts

Fast. Accurate. Effortless. Type faster and more accurately on a refined, sleek touch keyboard that predicts your next word, for a legendary typing experience only BlackBerry® can deliver.

Do more. Manage less. Spend less time managing scheduled tasks with a smartphone that anticipates what you need and handles the details for you. BlackBerry® Calendar will even suggest attendees and share you their recent messages and calendar updates, so you're prepared for anything.

Discover and share apps, music and videos you'll love. Discovering great apps is easier than ever with app recommendations based on your previous purchases. Choose an app you love then choose how to share it – whether it's sharing to social along with a couple gestures from within the app or to a friend's WiFi-enabled BlackBerry smartphone with a tap. It's quick and simple.

It spreads the word in an instant

Share and be seen with BlackBerry® Video with Screen Share. Switch from a BlackBerry® device to a BlackBerry® video conference on the fly to catch up face-to-face and share what's on your screen.

Create the best shot every time. Pinpoint and adjust exact moments of your picture to create the perfect shot with Time Shift. Once you see your perfect shot, use BlackBerry® Story Maker to weave them together and set your story to music.

Discover and share the best of the web. Walkies, do more with web pages that load fast. Find something worth sharing? Peek to the social network of your choice. All it takes is a couple gestures.

It protects what's important and makes it easy to reach

BlackBerry® Balance™ lets you move quickly between personal and professional roles for easy access to work apps and data when you need it, without signing up the app's games, movies and social networks you use in your personal time. And because personal apps and information are stored on separate and private from work data and apps, your privacy is always protected.

Every feature, every gesture, and every single tiny detail is designed with you in mind.
