Subject: Conversion of C-DOT MBM exchanges into RBM-clarification thereof.

Kindly refer to this office letter of even No dated 02.08.2012, regarding consolidation of C-DOT switches for reducing operational expenses.

In this regards, few circles have sought clarification on, whether the individual MBM exchanges less then 1000 DEL or the MBM exchanges including the connected RSUs and AN RAXs having less then 1000 DELs is to be converted to RBM.

The case was examined in this office and this is to clarify that the individual MBM Exchange having less then 1000 DELs (this capacity does not include the working DELs working in the connected RSUs & ANRAX to the concerned MBM Exchange) may be converted to RBM and parented to the nearest MBM switch within the SDCA or to the nearest MBM switch located in the adjacent SDCA but within the same SSA.

Monthly report on the above should be sent to this office by 10th of the following month in the enclosed revised proforma.

Encl: As above

(Rajesh Kumar)
Addl. GM (NWO-I/CFA)
