SUB: Calculation of CAF commission in Sanchrsoft -reg

Complaints have been received from many of the SSAs regarding calculation of CAF commission in Sancharsoft.

In this regard, the following points are taken into consideration for the calculation of CAF commission in the CAF commission module in Sancharsoft.

1. All the GSM NUMBERS for which CAF received during the month ie for example CAF received during the month of Aug2011 (1.08.2011 to 31.08-2011) will be taken for calculation of CAF commission for the month of August 2011 and out of these only the GSM numbers for which **FC date /FRC date/Data entry date available** will be given commission.
2. If FRC /FC date is **not available** for any of these numbers for which CAF is submitted in the current month (for example in August 2011), those numbers will be excluded from the commission report.
3. If FRC is made for these numbers in the next month (for which CAF is submitted in the Month of August), these numbers will be included in month when FRC Is made in the CAF Commission.
4. In addition to the above, Work order should be generated by the Franchisees for the CAF Submitted by them.
