**3. Terms and Conditions for the IDR leased line tariff:** The following are the terms & conditions for leased lines up to 8 Mbps provided on IDR satellite links.

3.1 The tariff for any intermediate bandwidth shall be calculated on proportionate basis.

3.2 The tariff will be implemented from the date of issue.

3.3 All existing as well as new leased lines provided on IDR satellite links will be charged at this tariff except those which are part of a specific project for which special tariff has been / had been prescribed separately taking all costs into consideration.

21

3.4 If a leased line is working partly on satellite link and partly on terrestrial link then satellite portion will be charged as per above prescribed tariff and the terrestrial portion will be charged as per existing leased line tariff.

3.5 All other charges such as for local leads, modems, charges for terrestrial portion, etc will be charged extra as per existing tariff.

3.6 Above mentioned charges are inclusive of Spectrum charges. However Service tax (presently @ 12.36%) shall be levied extra.(P-20/C)

3.7. "The entire amount of CAPEX may be recovered from customer, if IDR link is exclusively installed for the purpose of providing leased line." Hence, an IDR link will be exclusively installed for a particular customer requirement, only if the customer agrees for a minimum period of hire of three years.

3.8 All other terms and condition will remain same.
