Sub: Improving the MNP Port –IN customers -reg.

It is observed from the MNP report for the period from 20th January to 30th September-2011 that the number of Port IN subscribers is positive for the entire circle, but on individually verifying each SSA, some SSAs show tremendous improvement in bringing the Port IN subscribers. However some SSAs are still lagging behind to come to the positive side. In the recent meeting, it has been emphasized by the CGM,TN Circle that all SSAs should become positive in respect of MNP by the end of March-2012, which will fetch more revenue to BSNL.

The Heads of the SSAs are requested to bestow their personal attention to improve Port-IN customers and adhere to the target fixed by CGM, Tamilnadu Circle, Chennai for each SSA.

The MNP Report as on 30-9-2011 and Target fixed as on 31-3-2012 is furnished in the attached sheet.
